### Welcome January 2023!

2023 is well underway and Sue and the team at Safe Solutions Care are back into all things NDIS to help you on your journey.

2023 is sure to be an exciting year as the business expands its services offered with the added service of Plan Management to be up and running by the first half of this year.

We are also launching our monthly newsletter "Chatterbox" to keep you all up to date with things that are happening with us and in NDIS.

We welcome good news stories, photos and suggestions to add to our newsletter, this is for you, so please feel free to contribute ideas.

We are also thrilled to have a new Support Coordinator – Tracy Fitzsimmons joining our team.

Tracy brings to the team a wealth of knowledge from her years in management along with personal experience in dealing with the NDIS from a family perspective and supporting a loved one with a disability.

Tracy loves gardening, walking her son's dogs, enjoying walks on the beach and lunching with family and friends.

We welcome Tracy to the team and look forward to having her meet our clients and working together to help support our NDIS family.

## **Health and Well Being**

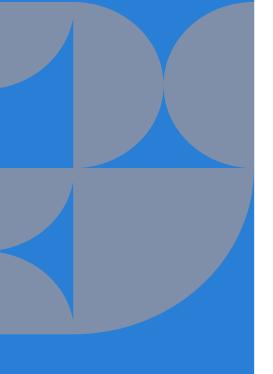

The New Year brings with it Resolutions, when we promise ourselves all sorts of well-being activities.

These range from healthy eating, weight loss, work-life balance, more time with friends or family/family of choice, increasing exercise and so on.

It's a great time to remember to do the basic health and well-being activities.

Make an appointment to see your Dentist, once a year.

See your GP to have a health check and medication review.

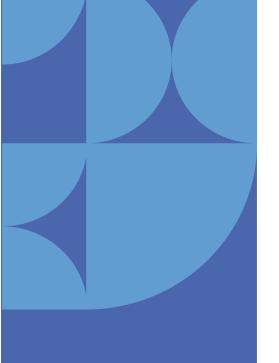

Talk to your GP about your vaccination status, not just for COVID- 19, but for the flu, and tetanus too.

If you need support to do these health checks please chat to your support coordinator, we are happy to help you arrange appointments and support workers or transport to assist if needed.

### Having A Say Conference 2023

The Having a Say conference is the largest conference for people with disabilities within Australia where people can find their voice, to speak up, to be heard and to be respected.
